NEW- Honey

Press Release:

January 3, 2019

2 Sisters' Salsa Company adds new Honey Salsa to their

growing line of products.

2 Sisters' Honey Salsa was created for customers who enjoy the sweet heat of a fresh salsa. It's excellent for dipping; bursting with a sweet taste and ending with a tangy zest to enhance your favorite snack!

2 Sisters' Honey Salsa combines the finest and freshest ingredients; all fresh produce, and local Louisiana honey with no sugar added and gluten free. Our Honey Salsa delivers consistently a fresh texture and just the right amount of flavor. 2 Sisters' Salsa prides itself on excellent quality, taste and together delivers the perfect blend of flavor and spice.

2 Sisters' Salsa takes everyone's favorite snack and elevates it with the addition of a savory blend of Cajun spices. The salsa, available in Original, Fiesta, Jalapeno and now Honey, was handcrafted in the heart of Louisiana from authentic Cajun recipes.

The salsa company, which started in 2015, already has a place on the shelves in a host of several large supermarkets and boutique grocery stores across the country. Most recently, they are adding a variety of heavy-hitting chains to their distribution list – Walmart, Winn Dixie, Brookshire Brothers, Albertson's, United Supermarkets, Super 1 Foods, Food Depot and Rouses, to name a few.

The company was designed with these type of large-scale expansions in mind. In fact, it was built for them, literally.

"The facility where we produce our product was built for the present and the future," explains CEO/President Patrick Deshotels. "We can meet current demand, but we can also expand further in the years to come."

To find out where 2 Sisters' Salsa is carried nearest you and to hear the story of how a bumper crop of tomatoes and a love for Cajun cooking led to an industrial operation, visit www.2sisterssalsa.com.
